RE: Extension request for closure information submittal date for Eagle
Signal Controls, EPA identification number IAD051001337

Dear Mr. Andrianas:

In our January 6, 1987 letter to Eagle Signal Controls, we requested the submittal of closure information by February 20, 1987. You discussed the need for an extension of time in a telephone conversation with Ms. Luetta Flournoy of my staff. This request was made in writing by yourself and Eder Associates on the behalf of Eagle Signal in a February 12, 1987 letter.

This is the confirmation that you requested in your February 12, 1987 letter. The due date of the submittal of information requested in our original January 6, 1987 letter is now March 20, 1987.

If you have any further questions regarding the January 6 letter or this letter, please contact Ken Herstowski at 913-236-2887.

Sincerely yours,

David A. Wagoner
Director, Waste Management Division

Re: Eagle Signal Controls Division
Davenport, Iowa
EPA I.D. No. IAD051001337

Dear Ms. Flournoy:

We have received and reviewed a copy of your January 6, 1987 letter to Wickes Manufacturing Company concerning the regulatory status of Eagle Signal.

The purpose of this letter is to advise the United States Environmental Protection Agency (USEPA) that Eder Associates will submit the additional information on closure activities including closure certification to your office. Eder Associates will also review facility operations and obtain site information necessary for a decision by Wickes on the two RFA options presented in your January 6, 1987 letter.

Additional time is requested to submit the closure information, certification and the decision on the RFA options. We anticipate submittal of the information by March 20, 1987.

We trust that this letter satisfies your requirements for an extension and that the USEPA will provide us with written confirmation.

Very truly yours,

EDER ASSOCIATES CONSULTING ENGINEERS, P.C.

Nicholas A. Andrianas
Project Engineer
